

Lynx Group, Inc. FTP Access

From the Lynx Group, Inc. website (<http://www.lynxgroup.com>), click on “FTP ACCESS” or go directly to <http://ftp.lynxgroup.com>.

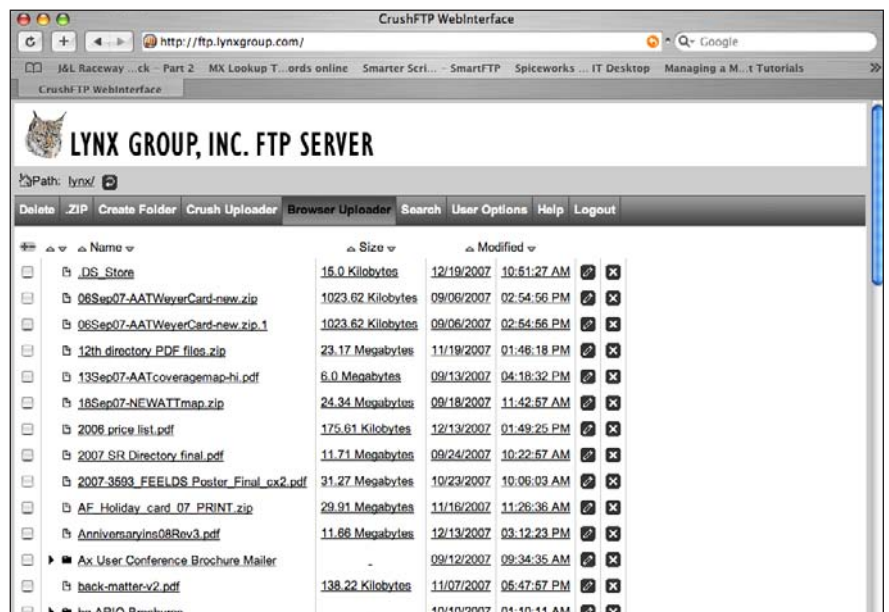

Login with your username and password provided by your sales or customer service representative.

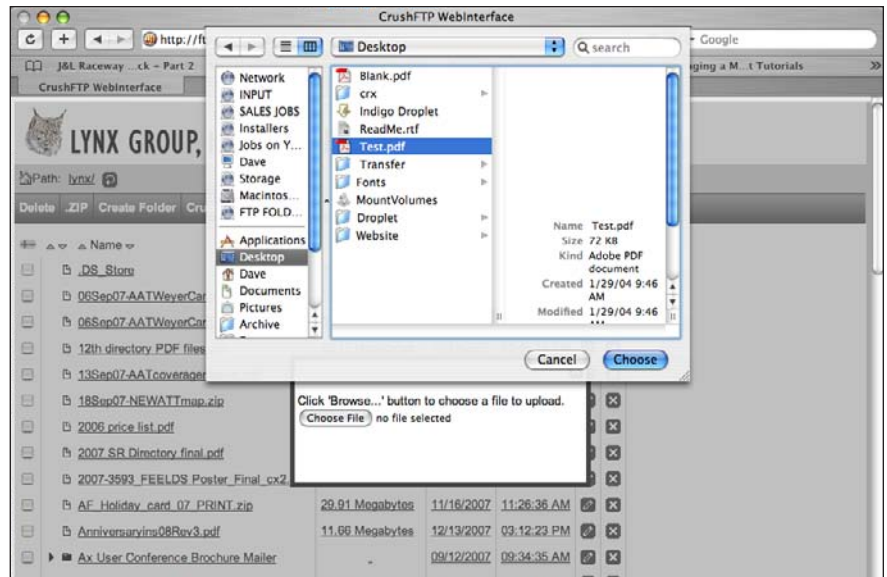

This will bring you to your file area. Click on the Browser Uploader to upload files.

Note: You may also download, delete, and rename files in this window.

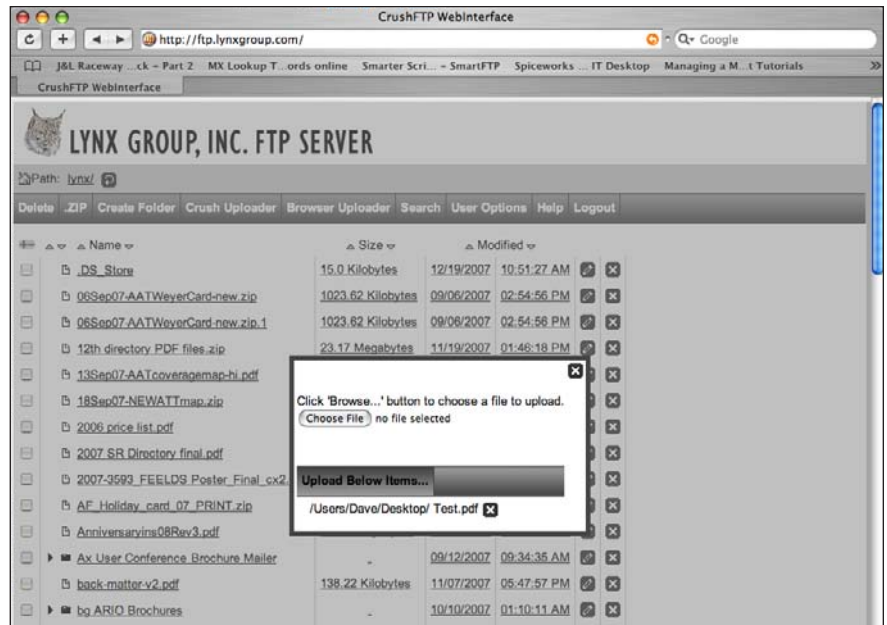

Click on the “Choose File” button in the window that pops up. This will open a browser window where you can select the files you want to upload.

Multiple files may be selected here.

When all the files have been selected, click the “Upload Below Items...” button. A progress bar will let you know the status of your upload.

When your files have finished uploading, you will see them listed in your directory.

You may wish to notify your sales or customer service rep of the file names and that the transfer is complete.
